

Student Spotlight

KAROL HELLMANN

Volunteer Client Advocate
Pregnancy Center East

What motivated you to attend MTSM?

I felt led by the Holy Spirit to deepen my Faith through a better grounding of knowledge of the scriptures and teachings of the Church. Also, I wanted to become more comfortable sharing my faith with others who are searching for truth in their own journeys.

How does your current experience at MTSM prepare you to incorporate living your Catholic faith in your everyday life?

This program has been challenging and rewarding. Every class has given me tools I need to live an authentic faith. I have become more comfortable and habitual in studying scripture and more confident in the teachings of the Church. Above all else, I hope I am more loving in my interactions with others as I appreciate more deeply Christ's love for me.

What advice would you give to someone who is considering taking classes from MTSM?

I would say, don't be afraid! It is a challenge worth taking and God will provide the time and inspiration you need one day at a time. Trust!

Do you have a favorite MTSM class or professor?

I am particularly inspired by Rev. Tim Schehr and his loving and kind approach to the scriptures. Although he is so deep in knowledge and wisdom, he presents the material humbly and with a welcoming spirit. Additionally, I appreciate Dr. Craycraft's wit and humor amidst the challenge of teaching moral theology. His personal testimony is inspirational.

If you had to describe MTSM in three words, what would they be?

Encouragement. Truth. Inspiration.

"I am very grateful to be in this program and I look forward to doing God's work in whatever capacity he wills for me."
